CERTIFICATE

This is to certify that **“Smart AI-Based Checkout System Cart”** project is a Bonafide work completed as a Live Project (Course Code: 23CS0204) in partial fulfilment for the award of the degree of Bachelor of Technology in CSE [Core] under the guidance of **Indu Sharma** . This project is submitted by gautam(10323210001), garv(10323210010), Hitesh(10323210047), during the academic Semester V of year 2024-2025 of SRM University, Delhi-NCR, Sonipat, Haryana.

Supervisor Name

Designation

ACKNOWLEDGEMENT

Most importantly, we would like to express our immense gratitude to our supervisor **Indu Sharma**, for his patient guidance, encouragement, training, and advice he/she has provided throughout the time. The knowledge we have gained throughout this time will stay with us for years to come. We have been extremely lucky to have such a supervisor who cared for our work, and responded to our questions and queries so promptly. It was a great privilege to get to collaborate with him/her and work under his guidance. Though the following project and report is an individual work, we would never be able to explore the depths of the topic, without the help, support, guidance & efforts of our able supervisor. His infectious enthusiasm and unlimited zeal have been major driving forces throughout the work.

We would like to extend our indebtedness to the **Project Committee Members**, Department of Computer Science and Engineering, SRM University Delhi-NCR, Sonapat as we have benefited so much from the constructive criticism and suggestions given to us during the project.

We feel compelled to articulate our thankfulness to **Prof. M. Mohan**, HOD, Department of Computer Science and Engineering, SRM University for his encouragement which was a source of inspiration.

Lastly, we are indebted to all the teaching and non-teaching staff members of the university for helping us directly or indirectly by all means throughout the course of our study and project work.
